

UNIVERSITÀ DEGLI STUDI
DI NAPOLI FEDERICO II

Italian Health Economics Association (AIES)

XXIX Annual Conference

*Digital Transformation in Healthcare:
Accelerating Access, Navigating Equity, and Fostering Performance*

Dates: 9 -10 December 2024

Program

Venue: Centro Congressi, University of Napoli Federico II, via Partenope 36, 80121, Napoli

Local Host: Department of Economics and Statistics (DiSES), University of Napoli Federico II

Monday, December 9^h

8:30 – 10:00 – Registration and Welcome Coffee - Sala A3 – Third floor

9:30 - 10:00 – Opening Session - Aula Magna – First floor

Cinzia Di Novi, Department of Economics & Management, University of Pavia, AIES President

Antonio Acconcia, Future Head of Department of Economics and Statistics (DISES), University of Napoli Federico II

10:00 -11:30 – Parallel Sessions

Session I – Hospital Choice & Patients Mobility - Aula Magna – First floor

Chair: Domenico Lisi

- **Anna-Theresa Renner**, Yuxi Wang “Is there a neighbourhood effect in hospital choice? Evidence from urban and rural hip replacement patients in Italy”;
- **Carla Guerriero**, Rosella Levaggi, Paolo Li Donni, Sara Moccia “Analyzing patients’ mobility using a hybrid model approach”;
- Sergio Beraldo, Michela Collaro, Antonio D'Ambrosio, **Immacolata Marino** and Jonathan Pratschke “Patient migration for adequate cancer treatments: An analysis of the geographical mobility within the Italian National Health System”;
- Marina Cavalieri, **Domenico Lisi**, Marco Martorana “Do all roads lead to Rome? Exploring the appropriateness and consistency of outcome-based indicators for ranking hospital quality”.

Session II – Healthcare Digitalization I -Sala A – Ground floor

Chair: Paola Bertoli

- **Bourke Jane Stephen**, Wishart Maria Roper, Vicki Belt, Stavroula Leka, Juliet Hassard, Louis, Thomson, Craig Bartle, Holly Blake “Do more inclusive workplaces lead to more innovation? Evidence from the UK, Ireland and Sweden”;
- Nicola Matteucci, Matteo Picchio, **Raffaella Santolini**, Rostand Arland Yebetchou Tchounkeu “Telecare and Elderly Mortality: Evidence from Italian Municipalities”;
- **Diletta Migliaccio**, Sara Maria Barbani, Lucia Leporatti, Marcello Montefiori, Paolo Petralia “From Crisis to Continuity: The Role of Telemedicine in shaping adherence to treatment during the Covid-19 pandemic”;
- **Paola Bertoli**, Veronica Grembi “Digital Health Updatke”.

Session III – La Digitalizzazione del Settore Sanitario: Sfide e Opportunità ([organized session](#))- Sala B – Ground floor

Chair: Francesco Schiavone

- Alessandro Vinci, **Davide Vicari**, Manuela Furlan, Milena Vainieri “Systematic Insights into Digital Transformation in Healthcare: A Comprehensive Review of Reviews”;
- **Marco Benvenuto**, Elio Borgonovi, Luigi Piper “Un nuovo modello di percorso assistenziale integrato sostenibile basato sulla comunità dei Technological Awareness Caregivers”;
- **Francesco Schiavone**, Marco Ferretti, Daniele Leone, Anna Bastone, Federica Zeuli, Annaluce Mandiello “Unmasking AI bias: insights from a multiple case-study in healthcare”.

Session IV–Redistribution, Socioeconomic Disparities and Health: Impacts and Pathways- Sala A1 – First floor

Chair: Vincenzo Atella

- Mughees Bhalli, **Silvana Robone** “Health Outcomes of Educational Mismatch”;
- Mattia Albertini, Pieter Baxk, **Fabrizio Mazzonna** “Health and labor market consequences of low-value care: The role of practice style”;

- **Francesca Marazzi**, Andrea Piano Mortari “Intergenerational effects of the Finnish comprehensive school reform”.
- Vincenzo Atella, Federico Bellotti, Francesca Marazzi, **Andrea Piano Mortari** “Matching cohorts and general population surveys for microsimulations”.

11:30 -13:00 – Parallel Sessions

Session V – Health, Risk & Society - Aula Magna – First floor

Chair: Davide Dragone

- Cinzia Di Novi, **Paola Salari** “Can a Tax Make You Healthier? The Effects of Sugar-Sweetened Beverage (SSB) Tax on SSBs' Sales in the EU”;
- Justin Doran, Frank Crowley, Lisa Noonan, **Edel Walsh** “The impact of employment automation risk on individuals’ well-being”;
- Silvia Coretti, **Augusto Palombo** “Exploring the determinants of hesitancy in receiving preventive care. Lessons from covid-19 vaccination”;
- Elias Carroni, Marina Della Giusta, **Davide Dragone** “Trading sex: A general theory of gender norms and sexual exchange”.

Session VI – Transforming Healthcare in the Post Covid Era: Sustainability and Value of Telemedicine (organized session) - Sala A – Ground floor

Chair: Simone Fanelli

- Michele Milone, **Fiorella Pia Salvatore** “The telemedicine service evaluation by using electronic platforms”
- Paolo Candio, Andrea Francesconi, Caterina Pesci, **Diego Ponte**, Alberto Zanutto “Telemedicine, organization, cost and sustainability”;
- **Lucia Leporatti**, Sara Maria Barbani, Diletta Migliaccio, Marcello Montefiori, Paolo Petralia “The Impact of Telemedicine on the Management of Chronic Conditions in Liguria”;
- Simone Fanelli, **Lorenzo Pratici**, Antonello Zangrandi “Enhancing quality in health care organizations using the broken window theory: can telemedicine be a tool?”.

Session VII – Environmental Impact and Sustainable Healthcare -Sala B – Ground floor

Chair: Giulia Montresor

- Elena Cottini, **Lorena Popescu**, Luca Salmasi, Gilberto Turati “Chilly temperatures, polluted air: the causal effects of PM2.5 on health”;
- **Milena Lopreite**, Michelangelo Misuraca, Michelangelo Puliga “The role of air pollution in life expectancy: A machine learning analysis of OECD Countries”;
- **Vittoria Ardito**, Helen Banks, Rosanna Tarricone “Equity implications of including environmental impacts of health technologies in economic evaluations informing pricing and reimbursement decisions”;
- **Michele Dolcini**, Francesca Ferrè, Stefano Capolongo “Integrating Environmental Sustainability Evaluation into Hospitals Performance Monitoring Systems. A Systematic Review of the Literature”;
- **Giulia Montresor**, Catia Nicodemo, Cristina Belles Obrero, Maria Tsiranidou “Weather conditions and occupational injuries: Evidence from Spain”.

Session VIII – Setting Up a Harmonized Framework for Early Feasibility Studies in the European Union: What Value(s)? ([organized session](#)) Sala A1 – First floor

Chair: Carlo Federici

- **Maria Luisa Buzelli** “Challenges and barriers to pre-market clinical investigations of medical devices: a systematic literature review”;
- **Francesco Malandrini** “Pre-market approval pathways for clinical investigations of medical devices: a global perspective”
- **Franco Luigi Zurlo** “State of the art of Early Feasibility Studies for medical devices”.

13:00 – 14:30 – LUNCH - Sala A3 – Third floor

14:30 – 15:30 - Plenary Session – “AI-Augmented Clinical Decisions: The Road Ahead”

Aula Magna – First floor

Keynote Speaker: DAN ZELTZER, THE EITAN BERGLAS SCHOOL OF ECONOMICS, TEL AVIV UNIVERSITY.

Discussant: GILBERTO TURATI, UNIVERSITÀ CATTOLICA DEL SACRO CUORE, ROMA.

15: 30 – 16:00 – COFFEE BREAK - Sala A3 – Third floor

16:00 -17:30 – Parallel Sessions

Session IX – Measuring Healthcare Services Efficiency - Aula Magna – First floor

Chair: Paolo Berta

- **Igor Francetic**, Rachel Meacock, Luigi Siciliani, Matt Sutton “How does Unexpected Demand Affect Queue Prioritisation in Emergency Care?”;
- Gianluca Fiorentini, **Marta Giachello**, Cistrina Ugolini, Rossella Verzulli “The impact of Nursing Outpatient Clinics on diabetes care: are they a promising avenue to improve patient adherence?”;
- **Matteo Lippi Bruni**, Alberto Basso, Irene Mammi “Do statins prescriptions reduce hospital admissions for Cardio-Vascular Diseases (CVDs)? A district level analysis”;
- Federico Franzoni, Claudio, Lucifora, Antonio Russo, **Daria Vigani** “In the eye of the storm. Long-term impact of the Covid-19 pandemic on healthcare utilization in Lombardy”;
- **Sara Muzzi**, Paolo Berta, Piergiorgio Lovaglio, Stefano Verzillo “The Impact of the COVID-19 Pandemic on Non-deferrable Diseases in Lombardy: An Analysis of both In-Hospital and Out-Hospital Settings”.

Session X – Health Trajectories in Later Life - Sala A – Ground floor

Chair: Cristina Orso

- **Gabriella Conti**, Rita Ginja, Petra Persson, Barton Willage “The Menopause ‘Penalty’”;
- **Aileen Murphy**, Edel Walsh “Effect of being an ‘empty nester’ on individual life satisfaction amongst older parents in Europe”;
- Vincenzo Atella, **Pietro Monti**, Andrea Piano Mortari “Unraveling the Tapestry of Health in Global Populations”;
- Matija Kovacic, **Cristina Elisa Orso** “Adverse childhood experiences and social media use later in life. Evidence from a novel on-line European survey”.

Session XI – Advancing Healthcare through Technology: Impacts on Workforce, Patient Well-being, and Organizational Performance - Sala B – Ground floor

Chair: Cristina Mele

- **Miriam Tomasuolo**, Silvia Sarandacchi, Margherita Herold, Marco Castiglioni, Mattia Martini, Cristina Liviana Caldiroli “The role of medical technologies in Long-Term Care organisations: implication on healthcare workers' well-being and organizational performance”;
- **Vincenzo Olive Mattia**, Eleonora Gheduzzi, Chiara Sgarbossa, Luca Gastaldi, Cristina Masella “The Impact of Technology Anxiety on Nurses' Acceptance of the Italian National Artificial Intelligence Platform for Primary Care”;
- Eugenio Cannovale Palermo, Gianluca Fiorentini, **Adelajda Matuka**, Rossella Verzulli “Technology and chronic heart failure: Evidence from interactive telemonitoring”;
- **Francesco Presta** “Artificial Intelligence in Healthcare: Technology Management, Performance and Budget Impact”;
- **Cristina Mele**, Tiziana Russo Spina, Irene di Bernardo, Marialuisa Marzullo, Stefano Paolo Russo “Robotcare to foster vulnerable actors' well-being”.

Session XII– Healthcare Digitalization II- Sala A1 – First floor

Chair: Anna Prenestini

- **Cecilia Menegon**, Luca Del Bene “Healthcare digitalization in an institutional theory lens: developing a framework for telemedicine services”;
- **Maria Bufali**, A. Rotolo, F. Longo, and E. Notarnicola “The impacts of digital transformation on the elderly care sector and their implications for the skills and roles of its professionals: insights from a multiple-case study”;
- **Benedetta Pongiglione**, Elisabetta Listorti “Access to digital services among older people with multidimensional frailty: first evidence from the DIFF project”;
- **Alessandro Vinci**, Andrea Vandelli, Alessia Caputo, Milena Vainieri “Supporting the digital transformation journey through monitoring systems in healthcare. A comparative analysis of European empirical approaches”;
- **Anna Prenestini**, Fabrizia Sarto, Marianna Mauro, Guido Noto “Exploring the introduction of new digital technologies in management support services: an empirical study in public healthcare organizations”.

17:30 – 18:30 – Plenary Session - Aula Magna – First floor

General Assembly of AIES Members

20:30 – Conference Social Event

**Ristorante La Bersagliera
Borgo Marinari, 10/11,
80132 Napoli**

Tuesday, December 10th

9:30 -11:00 – Parallel Sessions

Session XIII –Insights on Aging, Access, and Care Integration -Aula Magna- First floor

Chair: Elisabetta Notarnicola

- **Andreea Piri**, Aleksandra Torbica “Constructing a Composite Index for Healthy Ageing: Addressing Measurement Gaps and Evaluating Potential Applications”;
- Elisabetta Notarnicola, Benedetta Pongiglione, **Eugenia Miraglia**, Amelia Compagni “Adopting an intersectionality approach to evaluating frailty: a qualitative study of frail older people and inequalities in access to care services”;
- **Lorenzo Taddeucci**, Milena Vainieri “How morphological characteristics influence collaboration between Family and Community Nurses and General Practitioners: an analysis through quantitative and qualitative data”;
- **Lorenzo Taddeucci**, Chiara Barchielli, Milena Vainieri “Comparing family and community nurse with nurse practitioners in primary care, a review of reviews”;
- **Benedetta Pongiglione**, Aleksandra Torbica, Elisabetta Notarnicola “Investigating pathways to admission to long-term care facilities of elderly patients: insights from large administrative databases of the Lombardy region”.

Session XIV –Economic and Social Perspectives on Access, Quality, and Well-being - Sala A – Ground floor

Chair: Elenka Brenna

- **Margherita Giannoni**, A. Marchini, G. Martino “Inequalities in Access to healthcare and food insecurity in Italy”;
- **Sam Khavandi**, Igor Francetic, Luke Munford, Matt Sutton “Evaluating the SF-12 Health Survey: Implications of Scoring Methods on Health Outcome Measurements in Econometric Models”;
- **Matteo Migheli** “Economic Freedom and Sex Health Gap in the E.U.”;
- **Elenka Brenna**, Claudio Jommi “Obesity in Italy: evidence from the European Health Interview Survey on access to healthcare, quality of life and comorbidities”.

Session XV –Esplorazioni Multidisciplinari nel Contesto Sanitario e Sociale - Sala B – Ground floor

Chair: Guido Noto

- Stefano Calciolari, Mirko Cesarini, **Massimo Ruberti** “Trasparenza e responsabilità: un'indagine sulla comunicazione non finanziaria nelle aziende farmaceutiche”;
- Angela Alibrandi, Ilaria Denaro, **Lara Gitto**, Agata Zirilli “Mood, sleep e lifestyle: cosa è cambiato nelle abitudini e nella percezione del proprio stato di salute dopo l’era COVID? Uno studio pilota osservazionale su un campione di studenti dell’Università degli Studi di Messina”;
- **Michele Basile**, A. Fortunato, D. Antonini, E. Di Brino, S. Di Pippo “Health Technology Assessment di Icodec per la gestione dei pazienti affetti da diabete in Italia”;
- **Floriana Pollio**, Filomena Riemma “Applicazione di Holacracy nel contesto infermieristico: Una proposta per ridurre il turnover e migliorare la gestione organizzativa”;
- Christian Di Falco, **Guido Noto**, Gustavo Barresi “La valutazione dell’impatto dei servizi sanitari attraverso le nuove tecnologie digitali: evidenze dall’adozione della sentiment analysis”.

Session XVI – Innovative Approaches in Healthcare- Sala A1 – First floor

Chair: Marianna Mauro

- Marika Intenza, Nunzia Capobianco, **Fabrizia Sarto**, **Sara Saggese** “Fostering financial performance in private healthcare organizations: the role of entrepreneurial ecosystems and innovation intensity”;
 - S. Landi, C. Leardini, **A. Da Ros**, P. Fiorini, R. Muradore, M. A. Cerruto, A. Sigle, J. Franz, L. Molinari, A. Danzi “Make a decision to accelerate access of innovation in healthcare”;
 - **Ludovico Cavallaro**, Vittoria Ardito, Michael Drummond, Oriana Ciani “Innovative Pricing and Payment Schemes for Health Technologies: From Theoretical Models to Applied Cases in Italy”;
 - **Lorenzo Fenech** et al. “Innovating the Emergency Medical System with Urgent Remote Care: evidence from a pilot study in Lombardy, Italy”;
- Giulia Cattafi**, Monica Giancotti, Marianna Mauro, **Giorgia Rotundo** “Could investments in innovation enhance primary care outcomes? Insight from Italy”.

11:00 – 11:30 – COFFEE BREAK - Sala A3 – Third floor

11:30 – 13:00 - Round Table – “Sanità Digitale: Esplorando il Futuro tra Innovazione, Sfide e Benefici per Pazienti e Sistema”- Aula Magna – First Floor.

Chair: Anna Prenestini, Università degli Studi di Milano Statale.

Speakers:

Francesco Saverio Mennini, Ministero della Salute;

Corrado Cuccurullo, Università degli Studi della Campania "Luigi Vanvitelli";

Cristina Mele, Università degli Studi di Napoli "Federico II";

Paolo Petralia, FIASO e ASL 4 Liguria.

13:00 – 14:00 – LUNCH - Sala A3 – Third floor

14:00 -15:30 – Parallel Sessions

Session XVII – Innovative Pricing Schemes and Financing Mechanisms for Pharmaceuticals: Evidence from the US, EU and Italy ([organized session](#)) -Aula Magna- First floor

Chair: Oriana Ciani

- **James C. Robinson** “Pricing for Drugs with Conditional Authorization: The US Experience”;
- **Lasse Falk** “Barriers and levers to the implementation of risk-sharing agreements for innovative drugs in Europe”;
- **Vittoria Ardito** “Does HTA undermine the goals of EMA fast-track authorizations? Time to availability of drugs licensed under conditional marketing authorization compared to standard marketing authorization”;
- **Paolo Pertile** “A flexible, data-parsimonious model for the budget impact analysis of new technologies”.

Session XVIII – Healthcare Digitalization III - Sala A – Ground floor

Chair: Francesco Petracca

- **Stefania Simoni**, Salvatore Russo “Digitalizing value co-creation evaluation process in perinatal care”;
- **John Du Plooy Earle**, Anna Prenestini “Facing the barriers of new digital technology adoption in healthcare administration: an empirical study from the emerging economy in South Africa”;
- Marta Marsilio, **Gabriele Infante**, Martina Pisarra “Co-production sustainability in digital healthcare contexts”;
- Rosanna Tarricone, **Francesco Petracca**, Hannah-Marie Weller “Fostering collaboration: exploring Digital Medical Device assessment and reimbursement frameworks in the European Union for mutual learning and harmonized practices”.

Session XIX – Household Economics & Health - Sala B – Ground floor

Chair: Gabriella Conti

- **Gabriel Facchini**, Matilde Machado, Lindsey Woodworth “Weekend Births and Racial Disparities”;
- **Fernanda Amaros Gutierrez** “Effects of violent conflict on health: Evidence from Mexico’s fuel theft epidemic”;
- Giovanni Fattore, Simone Ghislandi, **Irene Torrini** “The combined effect of being unmarried and social spending on hospital length of stay and costs”;
- Claudio Buongiorno Sottoriva, Francesca Meda, **Natalia Oprea** “Equitable access to healthcare for people experiencing homelessness: what really works? Evidence from a scoping review”;
- **Gabriella Conti**, Paul Rodriguez-Lesmes “Unintended Effects of In-Utero Health Interventions? Evidence from the Treatment of Gestational Diabetes”.

Session XX – Healthcare Access and Resilience: Insights on Insurance, Waiting Times, and Pandemic Responses- Sala A1 – First floor

Chair: Francesco Vidoli

- Elenka Brenna, **Maria Daniela Gianmanco** “The use of voluntary health insurance and self-reported health: some evidence from Italy”;
- **Francesco Presta** “Health Supply and Demand: analysis of waiting times and performance improvement”;
- Cristian Barra, **Raffaele Lagravinese**, Roberto Zotti “Waiting in vain: the effects of waiting times on health outcomes”;
- Stefania Fontana, Calogero Guccio, Giacomo Pignataro, **Francesco Vidoli** “Evaluating resilience in pandemic time: A geographical approach to interrupted time series”.

Session XXI – Innovative Approaches to Healthcare Transformation: Community Models, AI, Big Data, and Professional Engagement - Sala “Biblioteca” - Third floor

Chair: Francesca Ferré

- **Giulia De Nicola**, Francesca Pennucci, Milena Vainieri “The Health Home model and the 'community' challenge: evolution patterns in Italy”;
- **John Du Plooy Earle**, Anna Prenestini, Francesca Ferrè, Federico Lega “The influence of artificial intelligence on the triple bottom line: a systematic literature review”;
- Francesca Ferrè, Federico Lega, **Elena Maggioni**, Anna Prenestini “Big Data Analytics (BDA) to support administrative services in healthcare: a bibliometric analysis and systematic literature review”;
- **Francesca Ferrè**, Maria Francesca Furmenti, Sara Zuccarino “Improving healthcare services: a learning from excellence approach for professional engagement”.

15:30 – 16:00 – COFFEE BREAK - Sala A3 – Third floor

16:00 -17:30 – Parallel Sessions

Session XXII – Health Needs and Care Gaps: Sustainability, Inclusiveness, and Challenges in European Healthcare- Aula Magna – First floor

Chair: Paolo Pertile

- Vincenzo Atella, Federico Belotti, **Ludovico Carrino**, Andrea Piano Mortari “New evidence on the sustainability and inclusiveness of Long-Term Care systems in Europe”;
- Marco Angrisani, **Vincenzo Atella**, Wändi Bruine de Bruin, Joanna Kopinska “Heterogeneity in Experience of and Coping with the COVID-19 Pandemic by Personality Traits”;
- **Clara Andresciani**, Debora Di Gioacchino, Laura Sabani “Public/Private Healthcare Mix and Unmet Medical in European Health Systems”;
- Luigi Boggian, Giulia De Matteis, **Paolo Pertile** “Accounting for health needs in healthcare financing models”.

Session XXIII– The Role of Institutions in Explaining Variations in Population Health Status and Healthcare Utilization - Sala A – Ground floor

Chair: Giorgia Marini

- **Alberto Batinti**, Joan Costa-Font, Vasuprada Shandar “The Survival of the Royals?”;
- Giulia Fornaro, Marlene Jugl, Kerim Can Kavakli, **Aleksandra Torbica** “Health System Performance in a Global Context: Exploring the Political, Social, and Institutional Dimensions”;
- **Marcello Morciano**, M. Mazzaferro and F. Audino “What is happening to the rolls of cash disability benefits in Italy? Evidence from administrative data spanning the last two decades”;
- **Michela Collaro**, Rita Santos “Health system governance and hospital competition: A spatial analysis for Italy”;
- Maria Alessandra Antonelli, **Giorgia Marini** “Are informal institutions good for your health? Evidence from Italy”.

Session XXIV– Economic Evaluation in Healthcare - Sala B – Ground floor

Chair: Claudio Jommi

- **Carlo Federici**, Luovica Borsoi, Minzi Lam Meier “Development focused HTA to inform value-based assessments and further evidence generation of technologies under development. A case study on a stool rapid diagnostic test for cholera outbreak response”;
- **Alessio Pignatelli**, Davide Boccaccio, Noor Alesawy “Cost-utility analysis of virtual physical therapy rehabilitation following total knee arthroplasty”;
- **Anna Prenestini**, Angela Chighine “Assessing the quality, value, and characteristics of mission and vision statements: an empirical analysis in Italian Public Healthcare Organization”;
- **Claudio Jommi**, A. Marcellusi, M. Bonfanti, A. Aiello, M. Guardigni, P.L.Canonico, F. Luccini, C. Lucchetti “Medicines for rare diseases: pivotal studies and budget impact in horizon scanning”.

Session XXV – Improving Patient Centricity Through Digital Technologies (**organized session**) - Sala A1 – First floor

Chair: Patrizio Armeni

- **Amelia Compagni**, G. Mazziotti, B. Pongiglione, F. Carrone, M. Meregaglia, A. Aliverti “Does the use of teleconsultation and enhanced teleconsultation improve adherence to drug therapy among osteoporotic patients? A prospective study in Italy”;
- P. Armeni, **Lorenzo Diaferia**, A. Gatti, L. de Rossi, I. Polat, S. Meregalli, “Digital technologies for healthy ageing”;
- Pongiglione B., Cucciniello M., **Petracca F.**, Ciani O., Novello S., Migliorino M., Pedrazzoli P., Augustoni F., Lo Russo G., Tarricone R., Capelletto E., “A mobile supportive care app for patients with metastatic lung cancer: the Lung Cancer App (LuCApp) randomized controlled trial”;
- P. Armeni, Lorenzo Diaferia, A. Gatti, **L. de Rossi**, I. Polat, S. Meregalli: “Understanding the financial market of Digital Therapeutics”.

Session XXVI – From Physicians to Managers: Behavioural Influences in Healthcare Organizations
Sala “Biblioteca” - Third floor

Chair: Elisa Guidotti

- **Giaele Moretti**, Paola Cantarelli, Alma Martelli, Francesca Ferrè “Understanding physician behaviors: A systematic review and Meta-analysis of Physician, Practice, Industry, System and Patient Influences”;
- Gianluca Maistri, **Stefano Landi**, Chiara Leardini, Luca Piubello Orsini, Alessandra Da Ros “Can middle managers’ behavior influence the success of organizational adoption of innovation in healthcare organizations?”;
- **Elisa Guidotti**, Anna Prenestini “Clinicians engagement into management: a bibliometric review of the literature”.

Suggested time schedule

Parallel sessions last 1.5 hours. If there are 5 papers, we suggest that the chair allocate 15 minutes for the presentation and 3 minutes for audience questions. If there are 4 papers, it is possible to allocate up to 18 minutes for the presentation and 4 minutes for audience questions. Finally, for sessions with 3 papers (mainly organized sessions), presentations can last up to 25 minutes with 5 minutes for audience questions.

Other information regarding the conference will be published at the following link:

<https://www.aiesweb.it/xxviii-national-conference/>

SCIENTIFIC COMMITTEE

Paolo Berta, *Università degli Studi di Milano Bicocca*
Marta Marsilio, *Università degli Studi di Milano Statale*
Rosella Verzulli, *Università degli Studi di Bologna*
Antonello Zangrandi, *Università degli Studi di Parma*

LOCAL ORGANIZING COMMITTEE

Sergio Beraldo, *Università degli Studi di Napoli Federico II*
Michela Collaro, *Università degli Studi di Napoli Federico II*
Corrado Cuccurullo, *Università degli Studi della Campania "Luigi Vanvitelli";*
Carla Guerriero, *Università degli Studi di Napoli Federico II*
Immacolata Marino, *Università degli Studi di Napoli Federico II*
Sara Moccia, *Università degli Studi di Napoli Federico II*
Domenico Suppa, *Università Giustino Fortunato*
